Dear Friends:

On behalf of the Board of Directors for the North Central CT & Western MA Chapter of the Juvenile Diabetes Research Foundation, I would like to thank you for your generous gift of \$400.00.

This contribution will help fund research to find the cause, prevention, treatment and cure of diabetes and its complications. Since its founding in 1970 by parents of children with type 1 diabetes, JDRF has awarded more than \$900 million to diabetes research, including more than \$98 million in FY2005. In FY2005, JDRF funded 500 centers, grants, and fellowships in 19 countries. Two JDRF committees - one scientific, one lay - review all proposals for funding, each committee contributing its special expertise to ensure that the very best research directed at finding a cure for diabetes receives JDRF support. The JDRF Board of Directors reviews all funding recommendations and provides final approval in the research funding process.

Due to extremely important progress being made in the field of research, and wonderful contributions such as yours, we remain hopeful that a cure for diabetes will soon be a reality.

Thank you for joining us as partners for the cure.

Sincerely,

A handwritten signature in black ink that reads "Anthony Sisti". The signature is written in a cursive, flowing style.

Anthony Sisti  
President, JDRF Board of Directors

P.S. Please use this letter as your receipt. The amount is fully taxed deductible; no goods or services were provided. JDRF's federal identification number is 23-1907729.
